Applicants respectfully traverse this election requirement. The present application is a continuation of Application Serial Number 10/195,280. That application has now issued as U.S. Patent No. 6,679,683. The parent application included all of the information of this application and there was no election requirement presented in the earlier application. Thus, there can be no basis for the Examiner requiring an election of species in the present application. Withdrawal of the requirement is respectfully requested.

Should the Examiner uphold the election of species requirement, Applicants respectfully request the Examiner to proceed with Species 7 of Species Set II which is illustrated in Figures 18 and 19. Applicants believe Claims 100, 102-104, 106, 113-118, 120-122, 124, 131-137, 139-141, 143, 150-157, 159-161, 163 and 170-178 read on the elected species. Applicants request that the non-elected claims be held in abeyance for possible rejoinder and/or further prosecution in future divisional and/or continuation applications.

It is believed that a full and complete response has been made to the outstanding Office Action, and as such, the present application is in condition for allowance. Thus, prompt and favorable consideration of this Response is respectfully requested.
